Note From the Prez.

As of this writing, I am in sunny Southern California for a brief visit. I hear that the weather in Coeur d'Alene has been wonderful with lots of activity at the flying field. In other words, the flying season appears to be upon us. Mark your calendars for May 8th and plan to come out to the field and help with getting everything spruced up and ready for this year's activities. Bring your planes as well and plan on doing some flying.

Safety Corner

It's May and the flying season will soon be in full swing soon. I want to talk about an article I recently read about that directly concerns communication on the flight line. A gentleman landed dead stick on the flying field and decided to go ahead and walk out and retrieve it. He didn't let anyone know and just crossed the runway to his aircraft. Unfortunately, another pilot was making a low high speed pass with his Taurus. It hit the first pilot in the cheek and buried the Eyna 60 to the carb. in his face. After a number of surgeries THE FIRST PILOT IS OK BUT LUCKY TO BE ALIVE. This can happen at any field but can be prevented by both pilots letting everyone on the flight line know their intentions. Always be aware of what you and others are doing when out flying. Be safe, have fun, and GRAB SOME SKY!

FIELD MAINTENANCE

I'm looking for help for field maintenance this flying season. The usual organization is Three teams, Team A, Team B, and Team C. Each team consists of a minimum of five people. I would like to have six this year. We have two field mowers that are towed behind a vehicle, three push lawn mowers, and a weed whacker. The equipment is in good shape and is ready to go. Notice by looking at the schedule below that each team mows three times during the season.

We start at 8:00 am on the scheduled Saturday. We are usually finished by 9:30 to 10:00. If everyone is experienced it is closer to 9:30. That is less than two hours! There is no flying during maintenance time. It is too dangerous. There are other little jobs such as gophers and rolling the ground but those jobs get done as we go.

I would like to have three Team Captains who would unlock the storage shed and make sure things are put away. I would like to have six people on each of the three teams plus a few substitutes I can call. The biggest problems I have are people not showing up and not having a Team Captain. If I have to miss a day with no Team Captain, things really get screwed up.

Recruitment: The first way to recruit is just start down the membership list and recruit over the phone. The second way is to have you e-mail me. Look under Contact on the CAMS website or call me at:(208) 772-3267. If I don't hear from you, you'll hear from me.

Here is the schedule for summer 2010:

May 8th	Spring Cleanup
May 22nd	Mow, Team A
June 5th	Mow, Team B
June 19th	Mow, Team C
July 3rd	Mow, Team A
July 17th	Mow, Team B
July 31st	Mow, Team C
August 14th	Mow, Team A
August 28th	Mow, Team B
Sept, 4 and 5	IMAC
September 11th	Mow, Team C
September 25th	Fall Cleanup

Membership Meeting
Minutes
April 3, 2010

President Loren Hall called our meeting to order at 7:00 p.m. 37 members and 2 guests in attendance constituted a full quorum.

1. Review of minutes. Approved as printed and seconded. No discussion.
2. Treasurer's Report: Roger Radamacher read the treasures report and stated that we have 77 members paid up for 2010.
3. Phil Clements reminded everyone about field maintenance. May 8th is an ALL HANDS Spring cleanup and repair at the field. This means EVERYONE! Phil is asking for ALL the members to sign-up for the mowing teams. He wants a minimum of 3 teams of 5 people each. He also needs team Captains for each team.
4. Loren presented Joey Vaughn with his solo certificate. Don't know who was prouder Joey or daddy Joe.
5. Chris Nicastro did an excellent presentation on the care and feeding of LiPo batteries. He also touched on several other aspects of electric flight. Hopefully we can get him back to talk about motors, ESC's and complete systems. A copy of his presentation is on the CAMS website for download and your reading pleasure.
6. Tim Kirkpatrick would like to get a day trip together to the Bird museum in Sagle for the club. Anyone interested please contact Loren Hall. Tim also wants to get a float fly together at his place in Newport, Wa.
7. August 15th is the CAMS fly-in and canned food drive. See the CAMS website for further info.
8. Remember; Pay your 2010 dues –BEFORE you fly.

9. Raffle:

Gift Certificate	Rod Beck
Monokote	Gale Salo
Servo Extensions	Bob Crumpl
Handi Mounts	Roger Radamacher
Finishing Epoxy and Fiberglass	Joe Cheeseman
