(Deadline: 20th of the month)

Hello Again; I'm sorry to start this message with a sad note, but we lost one of our C.A.M.S members this past Tuesday-7/21/09 at approx 8am in Kellogg, ID. His name was Jim Clawson. May the wings of angels fly with you always, Jim. On a lighter note, we who fly on 72mhz have to be careful about stepping on others who are on the same frequency, we have had two incidents in the past 10 days with one costing the lost of an airplane--please be careful. Remember the fun fly next month, the last one was a great success. A big thank you goes out to those who participated in the mowing on the 18th, sorry but I was not there. Thank you Mr. Clements for all of your care and diligence at C.A.M.S. field. Remember IMAC, is now September 26th & 27th. That is all for now, happy flying.
Jim Correll.

www.maxxprod.com Has new Himax Contra-rotating Brushless motors available. Cancels Torque!!

Membership Meeting
Minutes
July 1, 2009

President Jim Correll called our meeting called to order at 7:00 p.m.
29 members in attendance constituted a full quorum.

1. Review of minutes. Approved as read and seconded. No discussion.
2. Treasurer's Report: President Jim Correll gave us a concise summary of our financial status and informed us that we now have 88 paid-up members for 2009, one which is a new member. Jim stated that he believes that our dues needed to be raised to \$50.00 per year to sustain our expenditures. There was discussion on the topic, a motion made to increase the dues to \$50.00 and it passed by a vote on the membership
3. President Jim Correll talked discussed the recertification program. Stated a list will be posted at the field and when you have passed the recertification then the evaluator will sign you off on the list.
4. President Jim Correll said he had talked to Stan Allison about the Christmas party and Stan told him that he had reserved the CDA Inn again for this year.
5. Larry Perkins gave a very good presentation on the misconception of P-51 Mustang Torque Roll. The presentation explained many interesting points on controlling any aircraft whether it is a full scale aircraft or a model. Thank you, Larry.
6. Tom Kelly Presented the findings of the workgroup on extending the starting pads for the large aircraft. Further data on cost will be forthcoming.
7. Phil Clements requested some help in retrieving the clubs lawnmower from CDA Tractor. Dave Rogers said he would help. Thanks Dave.
8. Jerry Mudge thanked everyone who participated in the Kids Day presentation. We had approximately 80 kids and everyone –Kids and participants had fun.
9. Keith stated that the IMAC at our field has been moved to September 26th and 27th.
10. Show & Tell: Loren Hall brought a very nice looking Black Stagger-wing Beechcraft model that he is getting ready to fly. It took him over a year to wrangle it away from the hobby shop where he first saw it. It looks like it was worth it. Beautiful airplane.
11. The club recognized Loren Hall and Phil Clements for all their contributions to the club throughout the year.

Raffle:

Jerry Mudge	2 Servo Extensions
Mike Bryan	Thirty minute Epoxy
Loren Hall	2 APC Props
Loren Hall	Kyosho P-51 Model
Dennis Edelbrock	Robart Pin Hinges and Drill Jig
Jim Correll	2 Props
