Hello Again:

Well I think IMAC was a big success, we will have all the numbers by the October meeting, but it was great to see all the club support, that's what I call teamwork among friends. We have a highway clean-up coming October 10th. We will be serving pancakes and sausage after the clean-up, I hope to see 20 volunteers for this event (please come out and help). It's that time of year again to start thinking about a new officers. As your current president I hope I have served you well but it's time for someone else to step up. Remember next meeting is at CDA airport. Thanks again to all that helped at IMAC.

Your prez, Jim Correll.

Has DA 100- rebuilt 2 years ago by DA. Broke-in by DA standard then about 15 gallons through her. Stock mufflers. Runs great. she flew on 8-1-09

All servos included 6 X JR 8411 in ailerons and elevator. 2 X JR 8611A for rudder. 1 X Throttle servo. Power- 3 X Fromeco 2600MaH LI-IONs

SMART FLY REGULATOR FOR FLIGHT CONTROLS

MPI REGULATOR FOR DA IGNITION BOX

CARBONFIBER TUBES (BOTH)

I have painted the other cowl a couple of times and didn't like how it turned out. That's why its black. I also have another cowl that can be painted. (its been sanded)

This plane is a little rough around the edges but flies wonderful. I have upgraded a few things and changed some others to improve performance. All you need is a receiver and off you go. I will help you with setup if you like. Need to make room.

I don't get to fly her like she should be. It breaks my heart to see her sit there and not go to the field.

I am the second owner. Any questions please e-mail me at joe.vaughan@live.com (I will not part out, all or nothing. Don't ask!) \$2000.00 or ?

ENGINES AND KITS!!!

Dave Rogers still has some very good engines in various sizes and assorted kits, at great prices. Also, some miscellaneous items.

SUNSHINE COMMITTEE

Ruth Lyman, Tom's wife has offered to produce & mail, custom made greeting and sympathy cards.

So, if a fellow member whacks their fingers with a propeller or falls down the cellar stairs, on the way to working on their plane, contact her at 208-777-9112, with the victims name and address, and she will send them an appropriate missal of condolence.

AVIATION QUOTES OF NOTE

★ The desire to fly is an idea handed down to us by our ancestors who, in their grueling travels across trackless lands in prehistoric times, looked enviously on the birds soaring freely through space, at full speed, above all obstacles, on the infinite highway of the air. — *Wilbur Wright*

★ Splutter, splutter. Yes - we're off - we're rising. But why start off with an engine like that? But it smoothes out now, like a long sigh, like a person breathing easily, freely. Like someone singing ecstatically, climbing, soaring - sustained note of power and joy. We turn from the lights of the city; we pivot on a dark wing; we roar over the earth. The plane seems exultant now, even arrogant. We did it, we did it! We're up, above you. We were dependant on you just now, prisoners fawning on you for favors, for wind and light. But now, we are free. We are up; we are off. We can toss you aside, for we are above it. — *Anne Morrow Lindbergh, 'Listen! the Wind,' 1938.*

★ I'll run my hand gently over the wing of a small airplane and say to him, "This plane can teach you more things and give you more gifts than I ever could. It won't get you a better job, a faster car, or a bigger house. But if you treat it with respect and keep your eyes open, it may remind you of some things you used to know -- that life is in the moment, joy matters more than money, the world is a beautiful place, and that dreams really, truly are possible." And then, because airplanes speak in a language beyond words, I'll take him up in the evening summer sky and let the airplane show him what I mean. — *Lane Wallace, 'Eyes of a Child,' Flying magazine, February 2000.*

★ As you pass from sunlight into darkness and back again every hour and a half, you become startlingly aware how artificial are thousands of boundaries we've created to separate and define. And for the first time in your life you feel in your gut the precious unity of the Earth and all the living things it supports. — *Russell 'Rusty' Schweikart, returning from Apollo 9*

Membership Meeting
Minutes
September 2, 2009

President Jim Correll called our meeting called to order at 7:00 p.m.
26 members in attendance constituted a full quorum.

1. Review of minutes. Approved as read and seconded. No discussion.
2. Treasurer's Report: President Corell gave us an overview of our financial status
3. President Jim Correll asked all members to watch their language while their at the field
4. President Jim Correll asked Bill Burgad to call Matt at Performance Hobby about IMAC
5. President Jim Correll asked everyone available to come out Saturday the 19th to help clean up the field for IMAC
6. President Jim Correll ask everyone to keep sharp on field safety
7. Keith Bodeau and Bill Burgad talked about IMAC –explaining what it is and what needs to be done to pull it off on the weekend of September 26th and 27th.
8. Bill Burgad will be contacting people for help. Dennis Edelbrock has taken responsibility for cooking Breakfast and Lunch both days and getting food and other things needed for those tasks. A donation box will be present to help offset the cost of the food.
9. The club members present voted to have dinner for the pilots and their family members on Saturday night and any CAMS members (maximum of 60 people) it will be catered by Rustlers Roost.
10. Loren Hall made a motion to charge everyone \$10.00 per person for the dinner. It was voted on and approved. The dinner cost from Rustlers Roost is \$13.31 per person. The club will absorb the difference.
11. Stan Allison will contact media about the IMAC event
12. Tom Kelly showed us his beautiful P-47 Rare Bear Model. It is constructed of a fiberglass fuselage and wings. A lot of work was needed to install and setup the internal structure. It is powered by a Saito 115 4 cycle engine.
13. Ruth Lyman talked to the members about her capability and desire to be our sunshine committee of one to take care of making and sending custom made greeting/sympathy cards for the club. A small stipend is needed to maintain her supplies and U.S. postal stamps. Members voted to establish and fund the committee.
